## Little Miss Deana Kyle Wins County Title In American Girl Pageant

Little Miss Deana Kyle, daughter of Dean and Juanita Kyle of Elba, was named Coffee County winner in the Little Miss division of the Alabama American Girl Pageant in recent activities.

The event was held in Dothan in December. Deana will represent Coffee County in state-wide competition to be held in Montgomery, January 12 and 13.

There are five divisions, based on age, from tot to big girls. They compete in four different phases of competition, including sportswear, talent, evening gown and party dress, and an interview with the judges.

Also winning from Coffee County in the same division was Little Miss Lori Am Fudge, who won the talent part of the Little Miss division.

Deana was named Little Miss Elba earlier this year, and represented Elba in the National Peanut Festival. Lori was a runner-up in that event.

## Farmers Must

### Report Tax Plans

If owners of Alabama farmland are to take advantage of a special provision of the new property tax law, they must notify their local tax assessor in writing before January 1, 1979, the Alabama Cooperative Extension Service warned recently.

The provision could be extremely important in reducing property taxes, said Charles Maddox, head of Extension agricultural economics at Auburn University. "But I'm afraid that a large number of landowners are still unaware of it."

Maddox said one feature of the "Lid Bill," approved as an amendment to the constitution in the general election, was that farmers can value farm property based on its agricultural use rather than its current market value. That provision is expected to mean considerable tax savings to owners of farmland, Maddox said.

The notification of intention to the tax assessor must be made in writing and must be done before January 1, 1979, Maddox emphasized.

Maddox said a letter to the local tax assessor should contain the following information:

1. The use the property was devoted to as of October 1, 1978.
2. A description of the property.
3. The uniform parcel number.

4. The number of acres devoted to each of the following uses: row crops, pasture, and timber.

Maddox said that if further information is needed, farmland owners should check with their local tax assessor's office.

## Police Set Rules

### For New Year's

### Celebration

The Elba Police Department issued a reminder this week that they would be enforcing all traffic laws on New Year's Eve. This will include the "ringing out the old and ringing in the new" on New Year's Eve.

Several weeks ago members of the Elba Police Department appeared before the Elba City Council and asked the backing of the Council to enforce these laws, as it is dangerous at midnight on December 31, as celebrators speed around town blowing car horns and ignoring traffic laws. The Council assured the officers they would stand behind them in performing their duties.

In response to the announcement, Cobb said, "I am delighted that the Board of Directors had the confidence to allow me on the team. I know there will be many challenges," he said, "but I am prepared to meet them head-on for the good of this city and its citizens."

## PASTOR'S CORNER

REV. ED HENNE  
First United Methodist Church

How many wise men came bringing gifts to Jesus? The Bible nowhere mentions the number. Tradition says three because they gave three different gifts to Jesus.

We don't know what kind of men they were either. The original Greek calls them Magi, which we translate astrologers, kings, priests of an eastern religion, or something else. But the King James Version calls them Wise Men. I like that translation because, whatever else they were, they were truly wise men.

They were wise because they looked upward. So many of us look dejectedly downward. But you can't see a new star in the heavens that way, and you can't see most of the beauty of God's earth that way.

They were wise because they were familiar with at least some of God's word. They were likely Gentiles, but they knew the Jewish hope of a Messiah. None of us can be truly wise unless we know God's word.

They were wise because they went to seek the newborn baby. In Christmas plays we see the Wise Men enter in on the heels of the shepherds. But it was actually some time before they arrived in Bethlehem. (Note that Jesus was in a house by then.) The Christian Church celebrates the arrival of the Wise Men on Epiphany, January 6. But it could have taken much longer for them to make the long hard trip to Bethlehem. Yet they wisely decided it was worth whatever it cost to come and worship Jesus.

They were wise because they brought Him gifts. The Bible says they brought gold, frankincense and myrrh. I

think that frankincense and myrrh were about twice as expensive as gold. It assumed these men were kings because no one else would be likely to afford such gifts. These were gifts because they were fit for a king. They were also practical, it turned out, for they probably financed the holy family's rushed journey into Egypt. But above all, these gifts represented the best these men had to offer.

Christmas has once again come and gone. But it is not too late for you to seek out the Christ, the Saviour of all mankind. And when you do, give Him the best you have, your heart and soul and life.

## Zion Chapel Senior Circle Meets

The Zion Chapel Senior Circle met November 1, 1978 at the Church. There were 19 present and 1 visitor, Mrs. Mary Sunday was in charge. She opened by calling on Gladys Carr to pray. She prayed for the ill, needy and those who need prayer. Mrs. Sunday gave us some highlights on luxury and growing old which was very interesting. She then read from the book the title "Charles Cowman". Our project for Nov. was for each lady to piece a quilt square and get it together by December 1.

The Circle met with 11 present. Mrs. Sunday was in charge and she gave the Devotion. The meeting was very good. Meeting adjourned.

The Senior Circle met with 12 present. There were several out fixings for Thanksgiving. Each lady carried a covered dish. All worked hard to get the quilt in for quilting. Bro. Sunday graced the bountiful table of food. Meeting adjourned.

November 29, 1978 The Senior Circle met with 15 present. All carried a covered dish. The Mystery was read. The meeting was very good. Meeting adjourned.

We had 8 visitors and all had a wonderful time. Bro. Sunday graced our table of food. Plans were made to have our Christmas Dinner in December.

## Views From The Pressbox

With Ricky Molars, Sports Editor

Santa Claus paid me a visit Monday, and I must admit he was most generous. I hope all of you had a Merry Christmas and will continue to enjoy the holiday this week.

I've watched a couple of bowl games, and so far I've enjoyed them more than I thought I would. I guess Texas is the top team that has played so far, but Missouri had a good club, as did Arkansas and UCLA.

A lot of good games are yet to come, and I'm waiting for the Sugar Bowl to see if the Tide can pull it off.

Starting this week "Ye Ole Polish Prognosticator" will publish each week his Prey Basketball Polls. The polls will list his top five teams in every class and will consist entirely of teams in South Alabama.

The Elba Tigers swing back into action next week, and I think that the Tigers are close to a win. Prior to Christmas Elba began to show up, but just couldn't get the ball in the hole. If the shots start dropping, I think Elba will win a few. Got to go...

## Elba Tigers Return To Action Tuesday Night Against Zion Chapel

The Elba Tigers, still looking for their first win after 8 straight losses, return to action next Tuesday night (January 2) when they host the powerful Zion Chapel Rebels.

The Tigers, under the direction of Coach Jerry Kirkland, began to show signs of life before the holiday break, but just couldn't put it all together to claim win number one. Elba is led in scoring by 6-3 center Russ Wood with a 13 point a game average; no other starters is averaging in double digits.

Zion Chapel will bring a 7-2 record into the Tuesday night clash, and the Rebels are considered one of the top Class A teams in the state. Zion Chapel, coached by Mike Lindsey, is scoring an average of 76.6 points a game and is giving up only 51.7 points an outing. The Rebels are led by the play of 6-3 center Steve Downing, who is averaging 23 points and 14 rebounds a game. Byron Foley is the only other starter averaging in double figures, with a 12.1 average. The remaining starters are Willie D. Berry, a 5-10, jumping-jack that dominates the boards and averages 9.1 points a game; Ray Marler, a 5-11 guard with a good shooting touch that scores 8.6 points a game; and Corey Ward, a 5-10 forward who is the team's top defensive player and averages 8.7 points a game.

The B game will start at 6:00 with the varsity contest to follow at 7:00 and all local basketball fans are urged to come and watch what should be quite a game.

Elba's Alan King (12) looks up after grabbing a rebound in early season action. King will lead the Tigers Tuesday night when the locals battle Zion Chapel.

## Kinston Bulldogs Looking To Improve On 8-2 Record

The Kinston Bulldogs, under the direction of Coach Pete Kelley, are off to one of their best starts in years, and the Bulldogs are hoping to get even better!

"We are real pleased with our 8-2 record," said Coach Kelley in a telephone chat, "but we're certainly not satisfied. We think we've improved every game, and we want to keep improving."

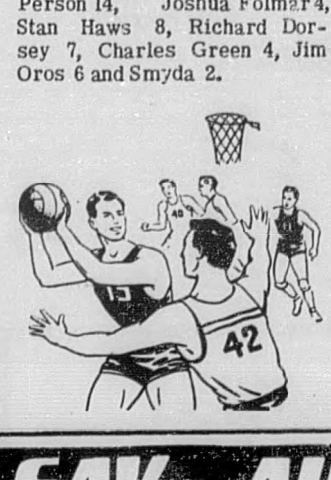

The Bulldogs wins have come over Samson, Coffee Springs (2), Wicksburg, Zion Chapel, Houston Academy, Red Level and Brantley, while the losses were to New Brockton and Straughan.

"The big difference in this year's team as compared to last year's is our experience," added Kelley, "this year we're winning the close ballgames, and our experience is the main reason. We've got a good group of kids who are willing to work and maybe before the year is over, we'll have a good team."

Priorities during the holidays will be extra work on rebounding and defense, and Coach Kelley reports his team will do quite a bit of work.

"We're going to do a lot of work during the holidays," said Kelley, "and we've got to worry about offense, because we feel it will take care of it."

What's ahead for the Bulldogs in 1979? "We play most of the same teams we've already played, and we're looking forward to the rest of the year," added Kelley. "The boys have set a goal to win 20 games, and of course, our main goal is to reach the state tournament. We hope to keep improving and keep winning as the season rolls along."

Kinston's Chris Sessions (15) drives in for a lay-up as the Bulldogs roll to a 72-60 win over Brantley. Sessions, a senior, led the Dogs with 18-points in the win.

Scoring for Kinston were Chris Sessions 18, Joseph Edwards 14, David Reeves 16, Jeff Rhodes 13, Don Holley 4, Scotty Hunko 4 and Steve Weeks 3. Scoring for Brantley were Laron Christen 15, Forrest Person 14, Joshua Fulmer 4, Stan Haws 8, Richard Dorsey 7, Charles Green 4, Jim Oros 6 and Smyda 2.

### CHINESE HOLLIES

If you've noticed your Chinese holly turning yellow, it may be a result of stress caused by heavy fruiting. This yellowing is a sign of a nutritional problem. A heavy crop of berries places a big demand on the plant and causes the stress.

This stress has been worse than normal this year because of extremely dry weather during the fruiting season. This condition is not a real significant problem to the plant, but it is unattractive.

To aid the plant, apply three to five inches of mulch. Water the plant during extreme drought even in winter. Wait to fertilize the plant until early spring.

### HOW TO REMOVE COSMETIC STAINS

If you smear lipstick or mascara on your favorite blouse, you will receive better results if you treat the stain as soon as possible. Stains respond much better when they are fresh.

There are two methods of removing cosmetic stains from washable fabrics. The method you choose depends upon the type of stain. Non-greasy cosmetic stains from powder or blusher can be removed by first dampening the stained area. Then rub with bar soap, detergent paste, (made with detergent granules and water) or liquid detergent. Rinse and launder.

If the stain is from oily cosmetics such as lipstick, rouge, liquid makeup or mascara, pre-treat with a pre-wash stain and stain remover. Or, there are many delicious toppings you can put on potatoes after they are baked to add more zest. Here are some suggestions: Toasted sesame seeds, whipped butter and a dash of poppy seed; a mound of silvered pimiento and green pepper; sliced mushrooms marinated in low-calorie dressing; melted butter or margarine thinned with lemon juice; or a spoonful of stewed tomatoes and coarsely grated cheese.

### GUN SAFETY

If your son got a gun for Christmas, you will spend 10 minutes to go over these 14 safety rules. All gun accidents can be attributed to misapplication of one of these rules.

1. Treat every gun as if it were a primed stick of dynamite.
2. Never bring a loaded gun into an automobile, camp, or house.
3. Before loading, check to be sure the barrel is free of any obstruction.
4. Carry your gun in such a way that you can control the direction of the muzzle, should you stumble.
5. Be sure of your target before you pull the trigger.
6. Never point a gun at another person unless you intend to kill him.
7. Unload all unwanted guns.
8. Don't climb trees or cross fences with loaded guns.
9. Never shoot at water or other flat, hard surfaces.
10. Never mix gunpowder and alcohol.
11. Check your background well before you shoot.
12. Do not mix cartridges.
13. Do not fire a gun that is not safe.
14. Always store ammunition and guns so that children and other inexperienced persons cannot get to them.

### GARDENING MEETING

It is not too early to start making plans for your garden. Dean Bond, our gardening specialist, will give a very informative talk on garden production January 4 at 10:00 a.m. This program will be at the County Extension Office in New Brockton. Mr. Bond gives an excellent presentation on gardening. He is very knowledgeable in the subject because he is a very avid gardener himself.

### PROPERTY TAX

If you as a landowner want to take advantage of the special provision of the property tax bill, you must take action before January 1. Land owners should notify the tax assessor that the land was used for agriculture in 1978. The notification must be in writing and it must include the way the property was used on October 1, 1978. It also must have a description of the land, the uniform parcel number and the acres of land.

## Feed Grain Programs Compared

Feed grain producers will be encouraged to remove from production an acreage equal to 20 percent of the acres that they plant for harvest in 1979, a percentage identical to the 1978 program, according to Robert English, Chairman of the Coffee County Agricultural Stabilization and Conservation (ASC) committee.

Basically the same as in 1978, the 1979 program offers corn and sorghum producers a 10 percent set-aside and a 10 percent diversion program. There is a 20 percent set-aside program for barley, instead of a combination set-aside diversion program.

According to English, the acreage of a producer participating in the diversion program can plant a feed grain in 1979 is not restricted to the prior year's acreage, as was the case in 1978. Under the previous program, the diversion payment was related to the acreage a producer planted for harvest. In 1979, diversion payment will be related to the acreage a producer diverts from production which must equal 10 percent of the acreage planted to the crop for harvest.

Feed grain producers will again be eligible for target price payments on their entire planted acreage by restricting plantings from 1979 by 10 percent for sorghum and 30 percent for barley, English said. The incentive to participate in the 1979 feed grain program totals \$2.30 a bushel for corn and \$2.40 a bushel for sorghum and \$2.40 a bushel for barley. The loan rates will be identical to those in effect for the 1978 crops of feed grains. They are: \$2.00 a bushel for corn, \$1.92 for sorghum, \$1.63 for barley, \$1.03 for oats, and \$1.70 a bushel for rye.

For more details on the program, contact the local ASCS office.

## Excise Tax On Telephone Service To Be Lowered

Federal excise tax on telephone service will be reduced again in 1979, as it has been in each of the last seven years, according to Gene Baril, public affairs manager for General Telephone Co. in Dothan.

Baril said that the federal tax on local and long distance service has been at 4% during 1978, but will be reduced to 3% effective January 1.

The U. S. Congress enacted legislation in 1970 to reduce tax by one percentage point each year until it is eliminated on January 1, 1982.

The excise tax on telephone service was first imposed as a "temporary" measure during WWI. It was repealed briefly after the war, but was reinstated during the depression and has continued ever since.

Baril said that from 1954
